Attached are the pdf's of the updates we did with Jerry during the response. I plan to put these into one POLREP (#2 and FINAL).

Joanna, would you please put together the funding history for me? I need it by Noon tomorrow, if you would. thanks.,
Rich

Jerry, my plan is to have to to you by COB tomorrow. Maybe Kelley can help next week with the other form you need filled out.

Rich

Hi Rich -

I know this is not very helpful - but I have no idea of how you go from PR1 to final?

recall having taken your draft pol-rep 1 and using that to prepare about 4? more draft pol reps (each covering a 2 week period) for your review. However - since there was no interest in the pol-reps at that time we did not continue to prepare any additional reports. Given where we are - I would not recommend going back and trying to draft new pol-reps to cover the last 7 + months.

I really don't know where to start? I guess we should talk. I am in tomorrow morning and then going to see my dad. Expect to be in on Thurs. Will be out on Fri. Also in for the first part of the following week and then out for 3 weeks. Let me know when you have time to talk.

-Kelley

Subject: Final POLREP

Jerry is encouraging me strongly to issue the final POLREP . I think it has to do with FY beans. I would be very interested in your suggestions on how to go from POLREP 1 to Final. or do we issues several? Kelley, I would in particular like your help on producing them/it. Email me back if you have thoughts. I am in the RRT meetings this week and on vacation next week. So, we should decide and get moving on it. I am sure they want it on or prior to 9/30.

thanks. Rich
